BIG ICE PLANT GOES QUICKLY.

Fire Is Desert Calamity at Las Vegas.

Blaze Is Started from Sparks in Engine Room.

Large Territory May Suffer by the Destruction.

(BY DIRECT WIRE TO THE TIMES.)
LAS VEGAS (Nev.) July 11.—[Exclusive Dispatch.] The mammoth ice plant and refrigerating station of the Armour Packing Company burned here tonight. The plant cost \$125,000 to construct, and is a total loss, together with 7000 tons of ice.

The blaze was caused by a spark in the engine room, and in two minutes the great building was a roaring furnace. The fire occurred at 6:30 o'clock, when most of the employees were at supper, or lives would surely have been sacrificed by the calamity. The great 500-gallon per minute fire pump was of no avail on account of the rapid spread of the flames.

The plant was one of the largest in the West, and the only icing station on the Salt Lake road between San Bernardino and Salt Lake City. The loss will be a severe blow to the fruit shippers, and the cause of suffering to the inhabitants of this section. Las Vegas has supplied ice to hundreds of miles of desert territory and recently has been shipping to California.

Several freight cars on a side track were burned by the plant.

OBJECTIONS TO CONSTITUTION.
Sixteen Points Are Urged Against Proposed Fundamental Laws of Oklahoma.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 11.—[Exclusive Dispatch.] Atty.-Gen. Bonaparte today made public a list of sixteen objections which have been made to the proposed constitution of the proposed State of Oklahoma. The persons who have brought these objections to the government's attention regard them as warranting President Roosevelt in deciding that the proposed constitution does not meet the text of the enabling act. Should President Roosevelt declare the constitution not within the meaning of the enabling act, the State could not be admitted.

Among objections are the constitutional provisions that at the writ of habeas corpus shall never be suspended; that the conviction by jury is necessary before punishment for contempt of court; allowing the State to engage in "any occupation of business;" the exclusion from suffrage of officers, soldiers or marines of the regular army or navy; requiring that all constitutional amendments be subject to the initiative and referendum; the recent gerrymander of the State by the constitutional convention in the interests of the Democrats; and requiring separate schools for blacks and whites.

WORKING AGAINST CZAR.
Leader of Russian Revolutionists Declares Efforts Will Be Made to Arouse Peasants.

(BY DIRECT WIRE TO THE TIMES.)
LONDON, July 11.—[Exclusive Dispatch.] "It's all rot," cried Count Tchakovsky, the well-known leader of the Russian revolutionists, when he was shown a report in this afternoon's London papers that 1500 Russian nihilists would hold a congress in England next month.

"Why should we draw away from Russia for academic purposes a host of those men on whom the hope of Russian liberty rests entirely? We our people will expend their energies in Russia, not in London."

Moreover, we shall boycott the elections for this Duma, nor shall we be alone in this, as every element in Russian life that is really progressive and democratic in its impulses will also boycott these elections, we understand. To send delegates to St. Petersburg is to waste time over a disgusting farce. Henceforth we shall concentrate all our efforts upon bringing the peasants into line against the Czar.

Count Tchakovsky left today for Paris.

REVOLUTIONISTS MUST SUFFER.
Mexicans Show No Leniency for Those Who Agitate Overthrow of Government.

(BY DIRECT WIRE TO THE TIMES.)
FORT WORTH (Tex.) July 11.—[Exclusive Dispatch.] George Bartlett, a well-known railroad man from the City of Mexico, says it will go hard with the revolutionists now in jail in the national capital and that a majority of them will be shot.

Mr. Bartlett says that all are charged with murder, inciting a revolution and almost every crime in the criminal calendar. He says that in the past two weeks the Mexican government has arrested and is now taxing to the utmost capacity.

He said the men would hardly be tried before next fall, as the Mexican government is seeking more evidence which will indicate 10 more prominent citizens of that country.

CALIFORNIA BANKER DIES.
SAN FRANCISCO, July 11.—Robert Watt, a capitalist, who was prominently identified with a number of local banks and banking institutions in Northern California, died today.

TEDDY BEARS GO BATHING.

(BY DIRECT WIRE TO THE TIMES.)
ATLANTIC CITY, (N. J.) July 11.—[Exclusive Dispatch.] Many visitors who supposed the Teddy bear craze had reached its limit received a surprise today when girls carrying monsters of the fuzzy bear family came down to the beach for baths and waded out into the surf, lugging their pets. Mrs. S. S. Charles claims the distinction of introducing the fad, which was followed by half a score of summer girls, who appeared to enjoy the sensation which they produced.

ADMIRAL BARON YAMAMOTO, former Minister of Marine of Japan, who, with a staff of Japanese naval men, has come to the United States to visit American naval yards and ship-building establishments.

NOTE OF AMITY PITCHED HIGH.

JAPANESE AND AMERICANS MEET AS FRIENDS.

War Between Empire and Republic Would Be Crime, Is Declaration of Repeated at Luncheon Given in Honor of Admiral Baron Yamamoto.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 11.—[Exclusive Dispatch.] Assurances of peace between Japan and America were given today at a luncheon held in the grand ballroom at the Hotel Astor under the auspices of the Japan Society in honor of Admiral Baron Yamamoto and his suite.

Viscount Aoki, the Japanese Ambassador, was present. Earlier in the day he issued a formal statement, in which he referred to the talk of war as the play of "wild imagination."

"The note of amity was taken up by the admiral, who spoke of the ancient friendship between Japan and Columbia, and it was echoed by Rear-Admiral Robley D. Evans and an impassioned plea for peace by Gen. Stewart L. Woodford, formerly United States Minister to Spain, who declared that war between the two nations would be a crime. Prominent Americans, who have close financial and commercial relations with Japan, were present, and between them and the distinguished visitors there were cordial and enthusiastic greetings. Jacob H. Schiff and E. H. Harriman paid their respects to Viscount Aoki and Admiral Yamamoto began his tour of American naval yards and shipbuilding establishments today by visiting the New York navy yard in Brooklyn. He was taken on board the Connecticut, greeted by Rear-Admiral Evans and shown about the battleship.

MAKE JOKE OF SCARE.
Peace Congress Delegates facetiously figure that America is doomed to fight Japan.

(BY DIRECT WIRE TO THE TIMES.)
THE HAGUE, July 11.—[Exclusive Dispatch.] A joke going around today is that whatever power called the conference has to take the consequences, which is nothing less than a bluff. The conference was called when Russia called it, it is assumed that the same thing will occur again this time to America. The President, having called the conference, the United States must therefore be prepared for war.

There was a long discussion today on the British proposal for a permanent prize court. Señor Barbosa, the Brazilian delegate, apparently pressed with the lack of debating power among the British, took up a highly eloquent strain and appeared as an advocate to the German doctrine, which had been attacked, saying that it is nonsense to appoint judges on the spur of the moment, as they are liable to be influenced by passion in time of war, whereas judges elected in time of peace have time to study private law.

Sir Edward Fry astonished the meeting by rising to declare that the English delegation had nothing to say and had exhausted all its arguments.

JAP ARMY OFFICER FINED.
Student at University of Illinois Assessed for Not Assuming His Duties Without Notice.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 11.—[Exclusive Dispatch.] Japan is inflicting severe penalties on army members abroad for failure to report at this time.

Because he did not assume his duties as lieutenant in the Japanese army on July 4, J. Suto, a student in mechanical engineering at the University of Illinois, has been fined \$1000. Suto has asked the Japanese Consul at Chicago to intercede for him.

The lieutenant is at a loss to understand the matter, as he has been in this country on leave for several years, and he did not receive warning that he was needed.

WAR WOULD RUIN JAPAN.
Kairoku Tsuzuki, Ambassador to the Hague, Ridicules Talk of Clash With America.

(BY DIRECT WIRE TO THE TIMES.)
THE HAGUE, July 11.—[Exclusive Dispatch.] His Excellency Kairoku Tsuzuki, ambassador plenipotentiary of his country to the Hague conference, said tonight, when questioned on the proposed course of American warships to the Pacific:

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 11.—[Exclusive Dispatch.] This hot wave was broken today, a twenty-five-mile an hour wind from the North turning the trick. The highest temperature was 72 deg. at 3 o'clock in the morning. Then the wind shifted and the mercury descended to 64 deg. minimum. Middle West temperatures:

WANTS PAY FOR CHILD.
Preston Gibson, the clubman, author, social success, husband of the daughter of the late Marshall Field, upset the arrangements for a quiet divorce suit brought by Mrs. Gibson today when, it is said, he delivered an ultimatum to the attorney for Mrs. Gibson that only under certain stringent provisions would he allow his wife to secure a decree without a fight. Mrs. Gibson wants the custody of their only child. So does Mr. Gibson. A notice that Mr. Gibson would contest the suit and fight for the custody of the child unless a monetary agreement was reached, is said to have been served upon J. M. Dickinson, Mrs. Gibson's attorney. The sum specified is a half million dollars. Mrs. Gibson is said to possess an estate appraised at \$2,000,000.

JILTS FIANCEE TO WED ANOTHER.
Chicago society was startled today when announcement was made that Miss Rhea Logan, daughter of Frank E. Logan, one of the most popular young women in society, had broken her engagement with Roderick W. McKinnon, a member of her father's firm, and was shortly to become the wife of Charles A. Moore, president of the Economy Gaslight Company of Joliet. The Logan-McKinnon engagement was announced last winter while Miss Logan was with her father in Southern California.

CUTS HIS TONGUE OFF.
SPRINGFIELD (O.) July 11.—[Exclusive Dispatch.] John Geron, proprietor of the Daily Grain Elevator, Tremont City, who has been a great sufferer from cancer of the tongue for the past two years, deliberately cut out

the organ today in the hope of securing relief. By his own hand, he pulled the tongue far out of his mouth, then he severed it slick and smooth near the tonsils. He says that in a short time there will be an artificial tongue attached to the remaining portion, that is said to be healthy and free from disease.

JAPANESE ARMY STRICT.
[BY DIRECT WIRE TO THE TIMES.]
URBANA (Ill.) July 11.—[Exclusive Dispatch.] Japan is inflicting severe penalties on army members abroad for failure to report at this time. Because he did not assume his duties as lieutenant in the Japanese army, J. Suto, a student of mechanical engineering at the University of Illinois, has been notified that he is fined \$1000. Suto has asked the Japanese Consul at Chicago to intercede for him.

MONKEY STEALS DIAMOND.
[BY DIRECT WIRE TO THE TIMES.]
CINCINNATI (O.) July 11.—[Exclusive Dispatch.] While W. A. Williams, 62, of Chicago, was feeding a band organ monkey at Lawrenceburg, Ind., the Simian seized a valuable diamond ring on Williams' finger and swallowed it. After the animal was choked and shaken in an unsuccessful effort to make it disgorge, Williams offered the Italian owner \$25 for the beast but the offer was refused. Williams is paying the monkey's board at a hotel in the hope that the trickster may be recovered.

THREE TIMES GRANDFATHER.
[BY DIRECT WIRE TO THE TIMES.]
LOUISVILLE (Ky.) July 11.—[Exclusive Dispatch.] Capt. J. E. Ryan, United States Army, became a new grandfather every sixty minutes for three years today when the stock had finished delivering small, but expensive packages at the homes of his three sons, the seasoned veteran announced that he felt like a patriarch, but was far from being a wreck.

ZIONITE TURNS SALESMAN.
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, July 11.—[Exclusive Dispatch.] Zion City pupils have grown unprofitable since the death of John Alexander Dowie, Today Overseer H. D. Braseloff, once president of Zion City College, and high in the hierarchy of Dowie's church, snook the dust of Zion City from his feet and came to Chicago to accept a position in a school of salesmanship.

KENTUCKY MAN WEDS.
Walter R. Schwartz, President of Mayfield Woolen Mills of Kentucky, becomes Benedict.

[BY DIRECT WIRE TO THE TIMES.]
KANSAS CITY (Mo.) July 11.—[Exclusive Dispatch.] Walter R. Schwartz, 35 years old, president of the Mayfield Woolen Mills Company of Louisville, and a son of a retired physician of Santa Barbara, Cal., and Miss Maude Williams, 18, daughter of a capitalist of Louisville, were married very quietly in the parlors of the Midland Hotel this evening.

Schwartz and Miss Williams, accompanied by the young woman's aunt, the Rev. Mr. Wednesday, Wednesday night. They arrived in Kansas City this afternoon and went at once to the Courthouse to secure a marriage license. Their return to the hotel where the wedding ceremony was performed. The bride left left in the evening for Santa Barbara, where they will spend their honeymoon.

Superb Routes of Travel.

THE TIMES-MIRROR CO.
Los Angeles

bill to be considered by the board will be that providing for the direction of a canal to be constructed, and creating the positions of director and assistant, the two statutory officers who will have charge of the canal to be carried on at the institution. The former will receive \$5000 per annum and the latter \$2500. There is quite a scramble for the jobs, but of the many applicants none have as yet been selected, and will not be until Friday.

It has been decided to erect the laboratory at Berkeley, in order that it will be in close proximity to the University of California. Many other matters of interest will be gone into.

SEEKING DEEP WATER TO SEA.

STOCKTON WANTS FIFTEEN-FOOT CHANNEL TO OCEAN.

United States Engineer Investigates Project and Gathers Data to Submit to Congress—Plan is to Deepen San Joaquin River for a Distance of Seven Miles.

STOCKTON, July 11.—[Exclusive Dispatch.] The United States Engineer, C. L. Neumiller, of the Nicola and Gillett, returned from Visalia, where they tried and won a case that is believed to have established a precedent. Five judges in that section were disqualified and it was necessary to appeal to Gov. Gillett to act under the constitution and select a judge. He named Judge J. Oiler, of San Bernardino.

STOCKTON, July 11.—[Exclusive Dispatch.] Col. John Biddle, United States Engineer, has spent two days here investigating three important propositions that mean much for Stockton and San Joaquin county.

Primarily, his visit was for the purpose of viewing the San Joaquin River, preparatory to beginning a survey of the stream to submit the data to Congress, which is to take up the proposition of deepening the river from Stockton to a point about seven miles down the waterway.

The Stockton Chamber of Commerce is making a campaign of "fifteen feet of water to the sea" and by dredging out the river for the distance mentioned, the project will be accomplished.

BACK COMES SARABIA.

Kidnaped Mexican Prisoner Will Be Returned to American Territory Today.

PHOENIX (Ariz.) July 11.—Gov. Kibbey was advised today by confidential representatives in Sonora that Sarabia will be escorted to Nogales on the border line, and there delivered Friday morning into the custody of Capt. Wheeler of the Arizona rangers.

Sarabia is the Mexican who, last week, was arrested on the order of Capt. Wheeler at the instance of Mexican officials, who alleged that he was wanted for murder. He was confined in the Stockton jail, from which he was taken unwillingly by the cooperation of local town officials and Mexican authorities and hurried across the line to Arizona and thence to Hermosillo prison.

Capt. Wheeler, who caused his arrest, but had nothing to do with his abduction, at the instance of Gov. Kibbey, has been conducting an investigation, resulting in the above solution of the case that possessed the elements of an international complication.

Better than any previous incident, it illustrates the cooperation of, and friendly work between officials of Arizona and Sonora for the maintenance of peace along the border and strict recognition of international formalities.

PUMP MAY RESTORE LAKE.

Scheme is Figured on in Connection With Break in Kern County Levee.

BAKERSFIELD, July 11.—Although the Kern County Land Company, Miller and Lux and the Southern Pacific officials are busily engaged making plans for the handling of the flood waters over the Kern Lake and Paloma territory, no definite arrangements have as yet been made public. It was stated that the plan of installing two high-pressure pumps, having a capacity of 4,000,000 gallons a day at the levee, is being thought of for the returning of some of the water into the reservoir. After the break in the levee is repaired, work to commence as soon as possible—it will take some time for the refilling of the reservoir with its capacity of 2,000,000 cubic feet.

What the plans of the Southern Pacific are for the rebuilding of the destroyed section of the Sunset Railroad is not known. It is reported that the

LABOR.

OPERATORS TO WAIT LONGER.

Chicago Union Again Puts Off Strike Meeting.

Give Bay City Conference as Cause of Delay.

Result of Neill's Efforts to Determine Action.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 11.—[Exclusive Dispatch.] Following receipt of a telegram from President Small, the local executive board of the Telegraphers' Union today decided to defer calling a strike meeting pending the outcome of the peace negotiations to be opened at San Francisco tomorrow by Commissioner Neill. The local union of other cities in the Middle West and East considering a strike are expected to do likewise.

The local executive board held a meeting in the afternoon at which the situation was discussed in detail. At the conclusion of the meeting E. N. Moore, chairman of the local executive board, handed out a notice to the effect that the Chicago officials of the union decided to await developments at San Francisco before plunging into a strike here.

A proviso, however, was attached to the notice, reserving the right of the executive board to call a strike meeting in Chicago at a moment's notice, should the San Francisco situation warrant such action.

Following is the notice: "Bulletin, all members, on July 11, President Small telegraphed President Paulson stating that he would be in Chicago, Sunday, July 14, requesting that a special meeting be called for that date. On July 11 he telegraphed Secretary Alexander the following: 'Developments caused me to decide to remain here to meet Commissioner Neill Friday. Do not call meeting Sunday, E. N. Small.' 'Our local executive board is wise to defer calling the meeting pending further developments. To executive board has made preparations to act upon instant notice.'

"Chairman executive board, E. N. Moore, 'We are awaiting the outcome of the meeting at San Francisco,' said Secretary Russell of the International Union. 'Whether or not there will be a strike depends upon the results of Commissioner Neill's efforts there. We probably shall know by Saturday what the result will be.'

FOR HIS WAGES WORKMAN SUES.

CONSPIRACY CHARGED AGAINST SAN FRANCISCO UNION.

Stonecutter Who Claims He Was Discharged at Request of Strikers, Who Then Prevented Him from Joining Organization, Appeals to Court for Damages.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, July 11.—[Exclusive Dispatch.] Suit for damages was brought yesterday in the Superior Court by John C. Boyer against the Journeymen Stonecutters' Union, which Boyer alleges has conspired to deprive him of the means of making his livelihood.

He says that since 1894 he has been the operator of a stone planing machine of a character never before used in California. In the stone yard of John D. McGilvra, he was making a good living at this industry until the stone cutters' strike, which began June 17, 1907. Then, he says, at the demand of the strikers he and his assistants were discharged, although at the time his employer wrote a letter to the union, in which he said:

"We deplore the injustice at your hands that we discharge our planer and skilled workmen and give employment to your members who are all employed and who have abundance of work now and in prospect. When Boyer later applied for membership in the stone cutters' union in order that he might be able to earn a living he was unable to secure admission. He now asks the court to award him \$215.50, the amount of wages he has lost from September 1, 1907, to June 23, 1907, the period he has been out of work by reason of the union's act.

OPERATORS OBEY LAW.

Indiana Mine Operators Refuse Request of Employees to Protest Against Legislative Act.

(BY DIRECT WIRE TO THE TIMES.) INDIANAPOLIS (Ind.), July 11.—[Exclusive Dispatch.] Yesterday Indiana operators have determined to ignore the request of the coal miners of Indiana to join with them in a protest against the enforcement of the new mining laws which they claim are being executed to their detriment. They are opposed to the new bit law, which limits the size of drill bits to 2-1/2 inches. They think the operators to join in a protest to Gov. Hanly against its enforcement. Commissioner Zimmerman of the Operators' Association said today that the operators would take no action in the premises.

"The operators are law-abiding citizens and are not asking for the repeal of any of the laws," he said.

MACHINISTS ARE CURIOUS.

Members of Washington Lodge Will Investigate Lake Erie Railroad Bribery Story.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 11.—[Exclusive Dispatch.] Payment of money by the Erie Railroad Company to secure influence from politicians, to prove that by those in this city belonging to the International Association of Machinists.

A meeting of Washington lodge of machinists was held tonight to have a committee appointed and sent to New York to investigate the allegations and secure further information. According to the statement made by one of the leading members of the machinists' organization here, in a conference between Superintendent Stewart of the Erie Railroad and a delegation of machinists, Stewart said he was paying \$10,000 a year to keep the touchstones from striking. President O'Connor of the union, to prove there was some mistake, called a strike on the Erie.

When called upon to prove what he

said, Mr. Stewart produced ten vouchers, each for \$500, paid to George H. Warner, who is only business agent in New York City, with no authority.

ESPEE MEN COMPLAIN.

Long Hours and Inadequate Pay for Overtime Are Given as Grounds for Disaffection.

(BY DIRECT WIRE TO THE TIMES.) SAN FRANCISCO, July 11.—[Exclusive Dispatch.] There was no conference today between resident Morrissey and Southern Pacific managers. Meetings of delegates were held and their grievances were discussed. Among the troubles of the men are long hours and inadequate pay for overtime. Nothing officially has been given out, but the men in the yards are vehement in expressing their dissatisfaction at their treatment by the company.

The chief trouble, apart from the long hours, appears to be the sleeping accommodations allowed the men during their shift work. They are waiting for their next turn of duty. While all the companies throughout the coast come under the general edict, the men of the Southern Pacific appear to be the strongest complainants.

UNIONS FIGHT VAGRANCY LAW.

Discovery That Strike Pickets May Be Arrested as Hoboes Is Cause of Disaffection.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, July 11.—[Exclusive Dispatch.] Union labor has declared war on the new Illinois vagrancy law, through fear that it may gather in their pickets. The woodworkers' district council last night decided to make a test of the new vagrancy act. Business agent Anton Johansen and seven members of the union were arrested two weeks ago and the vagrancy law was applied to their case. It is said. The men were originally arrested on disorderly conduct charges, but it is expected new warrants will be sworn out against them. They are willing to go to jail for six months. So to show up the law. The men were arrested when acting as pickets at a strike.

MINERS UNDER SUSPICION.

Two Delegates to Convention Are Charged With Being in Employ of Pinkerton.

(BY DIRECT WIRE TO THE TIMES.) DENVER (Colo.) July 11.—[Exclusive Dispatch.] Frank Kilman, acting secretary-treasurer of the Western Federation of Miners, today denounced Fred J. Benson and Alvin Karpis, who were delegates to the convention of the United Mine Workers, of which the two named men were representatives from Rock Springs, Wyo. Karpis, who is charged with being in the employ of the Pinkerton Detective Agency. He reported his charge by documentary evidence, purporting to be reports of the two men to the agency while they were posing as miners in Rock Springs. The men have fled the city.

Superintendent H. Frank Carter of the Pinkerton Detective Agency, denies all knowledge of either man and claims that they are not employed by his company.

WALK OUT AS PROTEST.

STREET-CAR MEN STRIKE.

(BY DIRECT WIRE TO THE TIMES.) PORT WORTH (Tex.) July 11.—[Exclusive Dispatch.] Several employees of the Citizens' Street Railway Company on the Rosen Heights line have quit work, though nothing is known at the general offices of any dissatisfaction. The strikers said the men are that several of the older employees of the Rosen Heights line were discharged without cause or explanation, and there was a tacit agreement applicable in part at least to the union employees of the company, that unless there was a reinstatement of the discharged men, the others would strike. Meetings were held Tuesday and Wednesday nights to consider the situation, with workers on the part of some of the men Thursday as a conclusion.

LABOR BRIEFS.

Trades League Women to Meet.

NEW YORK, July 11.—Conventions of the Women's Trade Union League will be held on Monday, simultaneously in New York, Boston and Chicago. It is stated that fifty-six unions of workmen and women have been invited to be represented at the conventions.

TEXAS POSITION STATED.

Will Bar All Advanced Cases of Consumption, Declares State Health Officer.

(BY DIRECT WIRE TO THE TIMES.) SAN ANTONIO (Texas), July 11.—[Exclusive Dispatch.] In an address before the Texas State Medical Society tonight State Health Officer Bryant announced that Texas would bar all consumptives in the advanced stages from entering her confines. Said Dr. Brumby: Such a large tide of indigent consumptives has been pouring into this state that the people of certain sections are seriously burdened with such, many of whom have been in the state for a short while and have never done an hour's work since crossing the State line. It is true the measure seems hard but the real hardship has been with those well-meaning but short-sighted philanthropists who have allowed many a man in the advanced stages of consumption to forsake home and loved ones and come into a strange land to die.

"The proper time for the afflicted to seek a better climate is before the disease has sapped their strength, and it is not humane to encourage them in the belief that we have a fountain of health in Texas."

STATESMEN EXASPERATED.

Suggestion Made to Build Proposed International Institute of Agriculture Outside of Rome.

(BY DIRECT WIRE TO THE TIMES.) ROME, July 11.—[Exclusive Dispatch.] As the building of the International Institute of Agriculture was interrupted it is not likely to be resumed before the tribunal decides the question whether the government is entitled to occupy the grounds of Borghe Park for such purpose. The grounds, by ancient custom, belongs to the people of Rome.

Several statesmen are exasperated at the delay and intend to propose building the institute either in some other place in Italy or else outside of this country entirely. David Lubin, originator of the institute, has declined to favor the latter proposal. However, it would seem that there is an affinity between the fact that the cost of the building is to be defrayed from the private purse of King George.

The object of the institute is to secure complete international crop and live stock statistics and promptly to disseminate them simultaneously at all market centers and to people interested.

WASHINGTON.

BONAPARTE IN OWN DEFENSE.

Denies Department Has Failed in Results.

Says Prosecutions Have Had Moral Effect.

Sherman Law Too Weak to Force Competition.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 11.—[Exclusive Dispatch.] In an authorized interview today, Attorney General Bonaparte defended the Department of Justice from the charge that it had failed to produce material results for the country in the trust prosecutions, and asserted that the government in applying the new remedy of receiverships to illegal business combinations, had no "idea of running the trusts."

He said, also, that in his opinion the Sherman anti-trust law is not adequate in itself to enforce competition, and that elements other than those which could be reached by legal process were in part responsible for prevailing high prices. "It has been charged that all the trust prosecutions have failed in their purpose of reducing the price of commodities," said Mr. Bonaparte. "That is a very broad generalization. I do not know whether economic causes operating independently enter the effect of any statute or the means taken for their enforcement might not have more than counteracted the effect of any measures taken."

"There is a great deal of wickedness in the world, notwithstanding the effect of any statute or the means taken for their enforcement might not have more than counteracted the effect of any measures taken."

NO CARDIFF COAL ORDERED.

WASHINGTON, July 11.—It was said at the Navy Department today that not one pound of Cardiff coal had been ordered in Wales, nor had any steps been taken to secure a supply of the coal supply for the Philippines. It is now about 30,000 tons less than the supply, and the department is being made from time to time to replenish its supplies of coal by the use of the means equal in quantity to the usual shipments.

WASHINGTON BRIEFS.

Protecting American Commerce.

WASHINGTON, July 11.—Some concern is expressed at the State Department, the reported unfavorable impression created in Paris by the proposition to adjust tariff issues between America and France. It is pointed out that American goods are under the French tariff, but merely try to get the French tariff of new French laws that will bear hard upon American commerce.

AMERICAN BREEDERS TO MEET.

WASHINGTON, July 11.—The fourth annual meeting of the American Breeders' Association will be held in the city of Washington, D. C., on July 12, 13 and 14. The program will include addresses by many people prominent in the improvement of business and ornamental plants, experts in improving domestic animals and leading scientists who are studying the principles of heredity.

SHORTAGE OF TEXAS CATTLE.

Official Paper of Raising Association Finds Real and Serious Decrease in Range Steers.

(BY DIRECT WIRE TO THE TIMES.) DALLAS (Tex.) July 11.—[Exclusive Dispatch.] The Texas Cattle Raisers' Association, which has completed an investigation of the number of head of cattle in the state, reports that the number of cattle in the Southwest has decreased from 10,000,000 in 1905 to 9,000,000 in 1906. The shortage in the Panhandle is placed at 150,000 head in the last five years; in New Mexico the number of cattle has decreased 60 per cent. in the last five years; in Texas the number of cattle has decreased 50 per cent. in the last five years. The shortage is believed to be because the cattlemen are taking advantage of what they believe to be the low prices of cattle. According to this stockman's journal report a real cattle shortage exists in the Southwest, and in the course of the next year it will seriously affect the market.

THAW'S WIFE FAITHFUL.

Prisoner Denies Reports of Her Neglect and Says She Has Missed Him.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, July 11.—[Exclusive Dispatch.] Harry Thaw, in the Tombs was indignantly today, over reports that have been sent out to the effect that Mrs. Evelyn Nesbit Thaw had been lax in her attentions to him since the end of the trial. He declared that since the first of the year there have been 110 days in which a prisoner in the Tombs could receive a visitor, and Mrs. Thaw has missed just one of those days. On that occasion she went at his request down to Long Beach to spend the day with Mrs. Daniel O'Reilly, the wife of his cousin.

ZELAYA SOUNDS WASHINGTON.

President of Nicaragua Sends Agent to Discuss Plans for Central American Confederation.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 11.—[Exclusive Dispatch.] As a sequel to the recent efforts of President Zelaya of Nicaragua toward the confederation of the five Central American republics, the United States has made the attitude of the Nicaraguan president clear and has given the Nicaraguan minister plenipotentiary, Señor Gámez, the results of their interview.

Señor Gámez recently visited Mexico, and he is said to have found the Central American affairs would depend on the policy of the United States.

Call, either phone 841 for PURE Drugs in a hurry DEAN DRUG COMPANY 214 South Spring Street

MISSIONARY PAYS DUTY. Pleas That He Is an Ambassador of God Is Ignored at Treasury Department.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 11.—[Exclusive Dispatch.] A missionary who has just returned from the Orient, claimed that his household and personal effects were entitled to admission free of import duty which had been assessed at New York.

An appeal was made to the Treasury Department. The missionary had a conference with Assistant Secretary Reynolds, who quoted the law, which provides that "the only persons entitled to free admission are missionaries, and the members of their families."

TRUST BUSTER IN FERTILE FIELD.

PURDY'S TRIP TO EUROPE MAY BE FRUITFUL OF EVIDENCE.

Ostenable Vacation of Assistant to Attorney-General in Tobacco Prosecutions Considered Significant, Considering Facts That May Be Found to Aid Him on Other Side.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, July 11.—[Exclusive Dispatch.] John H. Purdy, assistant to the Attorney-General in trust prosecutions, starts for Europe on July 13, presumably for his vacation. Although his trip is supposed to be for pleasure, considerable significance is attached to it. There are a number of things in Europe which he could look into while on the other side with profit to himself as the official trust buster.

The Imperial Tobacco Company, one of the defendants in the tobacco trust suit, is a British corporation. As such it makes reports to the Secretary for Home Affairs. Inasmuch as there is no Sherman anti-trust statute on the British law books, it is just barely possible that the company may be able to do things in its report that would be of great use when the complaint against the trust comes on for trial.

In Germany the head men of the Baltic pool are to be found. Complaint has been made that this pool controls the export of tobacco from the United States. While the complaint was filed with the Interstate Commerce Commission, the material will ultimately reach the Department of Justice, and Mr. Purdy's desk. By examining the organization of information, Mr. Purdy will equip himself for handling that subject with great address.

Some prominent lawyers here are divided in opinion concerning the injunction and receiver features of the tobacco trust suit filed by the government. Some and other critics the steps taken.

STOCK EXCHANGES OUSTED. Texas Anti-Futures Law Takes Effect Today and Bank Shops Must Quit State.

(BY DIRECT WIRE TO THE TIMES.) FT. WORTH (Tex.) July 11.—[Exclusive Dispatch.] In compliance with the anti-futures law, which becomes effective today, the Texas stock exchanges and futures exchanges will be closed tomorrow will see very exchange in Ft. Worth closed. The Vivion Commission Company closed yesterday night, and the wires cut out, and C. T. Vivion, manager, has packed up his office supplies and will quit business Thursday.

All the others, including Hayward, Vick & Clark, the Christie Grain and Cattle Co., and the Exchange Commission Company, in North Ft. Worth, closed. M. H. Thomas & Co. will also close.

The organization of the Ft. Worth Cotton and Grain Exchange by the spot dealers is about effected, and will take the place of the futures exchange. Otherwise there will be no market wires in Ft. Worth.

TEMPERANCE SELECT CHICAGO.

Next Triennial Conclave to Be Held in Windy City—Officers Are Chosen.

(BY THE ASSOCIATED PRESS—P.M.) SARATOGA (N. Y.) July 11.—The grand encampment of Knights Templars closed today, and the triennial conclave in Chicago in 1910. The conclave concluded today with the election of the following officers: Henry W. Ruge, Providence, Grand Master; William B. Melish, Cincinnati, Deputy Grand Master; Arthur MacArthur, Troy, N. Y., Grand Scribe; Frank W. Pierce, Oakland, Cal., Grand Captain-General; H. W. Lunde, Norcross, Ga., Grand Treasurer; John F. Gerow, Detroit, Grand Secretary.

ROW IN UNITED D.O.C.

Gen. H. A. Tyler Causes Storm by Making Charges Against Mrs. T.

(BY DIRECT WIRE TO THE TIMES.) MEMPHIS (Tenn.) July 11.—[Exclusive Dispatch.] The greatest storm that has shaken the ranks of the United Confederate Veterans since their organization, burst forth when the charges of uniformity of Gen. H. A. Tyler of Hickman, Ky., commander of Forrest's Cavalry, against Mrs. T. J. Latham, organizer of Sarah Latham Chapter of Memphis, were made public. The chapter has adopted a resolution in drastic terms denouncing as false the charges against Mrs. Latham. A committee of seven Confederate veterans has been appointed to investigate. Rumors of an attack upon Mrs. Latham, who has been a leading figure in national meetings of the Daughters of the Confederacy, have been circulated for some time.

Two years ago, when the monument to Gen. Forrest, the great cavalry leader, was unveiled at Memphis, there were reports that Gen. Tyler had en-

gaged the practice of giving tea and coffee to children; we cannot speak too strongly. Childhood is the period when the nervous activity is at its greatest. The brain is ever busy receiving new impressions.

Reflex action, co-ordination of muscles, and the special senses are all under a special course of training. The nervous system is pushed to its utmost capacity, and long is the list of victims that follow its over-stimulation. In these little people, nothing but harm can come from the use of such articles as tea or coffee.

Bad, then, as this practice is, let us as physicians be aggressive in its prohibition. Do not be satisfied by answering "No when asked if they use it, but let us teach the families with whom we come in contact, that such practice is evil. We speak emphatically because not only among the poor and uneducated, but among the rich and cultured, this practice is marvellously prevalent."

A man who tried Postum Food Coffee, said that it might be sold nowhere but in the hands of a God-fearing man who should know better, this practice is marvellously prevalent."

NOT CENT IS MISSING.

Disbursing Officer Canal Commission This Far Has Paid Out Nearly \$35,000,000.

(BY DIRECT WIRE TO THE TIMES.) PANAMA, July 10.—[Exclusive Dispatch.] Members of the canal commission today said that rumors concerning alleged irregularities in the disbursing department are ridiculous.

Disbursing Officer Williams has paid out nearly \$35,000,000 during his term of office, and seven men recently here from the Treasury Department to check over his accounts found every cent accounted for and highly complimented him on his efficiency.

Chairman Goethals gives out a statement emphatically denying rumors of disaffection and intention to resign by members of the commission. He states that they are harmonious, are satisfied with conditions, and that they are to stay until the completion of the canal.

President Emanuel Amador of Panama sailed from New York yesterday for a three months' tour of European countries.

GROWING CHILDREN

The Period When the Nervous Activity is at its Greatest.

A medical journal says: "Against the practice of giving tea and coffee to children, we cannot speak too strongly. Childhood is the period when the nervous activity is at its greatest. The brain is ever busy receiving new impressions."

Reflex action, co-ordination of muscles, and the special senses are all under a special course of training. The nervous system is pushed to its utmost capacity, and long is the list of victims that follow its over-stimulation. In these little people, nothing but harm can come from the use of such articles as tea or coffee.

Bad, then, as this practice is, let us as physicians be aggressive in its prohibition. Do not be satisfied by answering "No when asked if they use it, but let us teach the families with whom we come in contact, that such practice is evil. We speak emphatically because not only among the poor and uneducated, but among the rich and cultured, this practice is marvellously prevalent."

Gen. H. A. Tyler Causes Storm by Making Charges Against Mrs. T.

(BY DIRECT WIRE TO THE TIMES.) MEMPHIS (Tenn.) July 11.—[Exclusive Dispatch.] The greatest storm that has shaken the ranks of the United Confederate Veterans since their organization, burst forth when the charges of uniformity of Gen. H. A. Tyler of Hickman, Ky., commander of Forrest's Cavalry, against Mrs. T. J. Latham, organizer of Sarah Latham Chapter of Memphis, were made public. The chapter has adopted a resolution in drastic terms denouncing as false the charges against Mrs. Latham. A committee of seven Confederate veterans has been appointed to investigate. Rumors of an attack upon Mrs. Latham, who has been a leading figure in national meetings of the Daughters of the Confederacy, have been circulated for some time.

Two years ago, when the monument to Gen. Forrest, the great cavalry leader, was unveiled at Memphis, there were reports that Gen. Tyler had en-

gaged the practice of giving tea and coffee to children; we cannot speak too strongly. Childhood is the period when the nervous activity is at its greatest. The brain is ever busy receiving new impressions.

Reflex action, co-ordination of muscles, and the special senses are all under a special course of training. The nervous system is pushed to its utmost capacity, and long is the list of victims that follow its over-stimulation. In these little people, nothing but harm can come from the use of such articles as tea or coffee.

Bad, then, as this practice is, let us as physicians be aggressive in its prohibition. Do not be satisfied by answering "No when asked if they use it, but let us teach the families with whom we come in contact, that such practice is evil. We speak emphatically because not only among the poor and uneducated, but among the rich and cultured, this practice is marvellously prevalent."

A man who tried Postum Food Coffee, said that it might be sold nowhere but in the hands of a God-fearing man who should know better, this practice is marvellously prevalent."

ESCAPES AFTER WORLD CHASE.

Leaps from Train and Makes Doctor Dress Hurts.

Notorious Crook, Thompson, Gets Away Near Denver.

Caught in Cheyenne and Admits Identity.

(BY DIRECT WIRE TO THE TIMES.) DENVER (Colo.) July 11.—[Exclusive Dispatch.] John T. Thompson, notorious crook, captured in London after a chase around the world, escaped from a train near this city this morning. He leaped from a train window while the train was running at a speed of forty miles an hour.

Later he was caught in Cheyenne, Wyo., and admitted his identity. Thompson, Thompson forced Dr. Hecce S. Cooper of No. 778 Main street to attend him and give him a gas diamond pin for his services. He then left the doctor's office, with a broken right arm, a broken collar bone, and a deep scalp wound and other injuries. Thompson is wanted in Portland, Or., on a charge of robbing a citizen that place of a train and was en route to that city to stand trial when he made his thrilling escape. Thompson is a native of Cheyenne, Wyo., and is in the charge of the Cheyenne police department, who have the vigilance of the town. Thompson was at one time in the Cheyenne police department, who have the vigilance of the town. Thompson was at one time in the Cheyenne police department, who have the vigilance of the town.

CRIME BRIEFS.
Would Stay His Child.
SAN FRANCISCO, July 11.—John Ruggio, a stevedore, last night attempted to kill his six-month-old child by striking it on the head with the spoke of a wagon wheel. The mother held the babe in her arms at the time, and in trying to save its life her arm was broken by a blow from the spoke in the hand of her enraged husband. The child's skull was fractured. Ruggio is in the city prison pending the outcome of his injuries.

South Spr
Mercantile

into force on the
the South Coast

Day" at the Jamestown Exposition. The exhibit was continued today. A number of the big

The prettiest, most favored styles. Few left—that's the reason. Bracelets like these will sell readily at full price. Indeed, it is because of rapid selling, these few are stragglers and must hurry out. Today third off, Section B, front.

Another value outpouring. Beautiful dainty striped and rosebud designs; 5c yard, section C.

BY ORDER OF COMMITTEE

TICKETS and INFORMATION at 601 SOUTH SPRING ST. and FIRST ST. STATION.

"Onyx" Stockings

One of the reasons why "Onyx" Stockings wear so well
because they fit so perfectly, so comfortably. And,
all their points of superiority, they cost no more than
any hose. We're sole agents.

EDUCATORS GET THROUGH WITH "THRU" AND
OTHER FANCIES OF THE SIMPLE SPELLERS.

PELLING reform was
given a black eye at the
meeting of the Board
of Directors of the National
Education Association, yesterday,
when a resolution was adopted
to return to the old-fashioned
way of spelling "through,
thorough, though."

Although the scheduled fight over
the election of a trustee for the National
Education Association flared out
at the last moment on account of the
sudden departure of the candidate who
was expected to oppose Dr. H. B.
Brown for the position, two other
fights developed of greater interest, in
one of which reformed spelling received
a black eye, and the N.E.A. decided
by a decisive vote to go back to the
old-fashioned spelling of certain words,
which President Roosevelt and the
Carnegie Institute have especially held
up as being worthy of reform.

The first annual meeting of the new
Board of Directors of the N.E.A.
threw out a number of important
questions and among others this of
the reform spelling, the reformers
being beaten after an interesting ad-
dress by John MacDonald of Kansas
in favor of the old-fashioned spelling.

The directors also threw wide the
doors to six national organizations of
women's clubs which will form a sepa-
rate department of the N.E.A. under
the name of the "Educational Depart-
ment of National Organizations of
Women."

Other action taken by the Board of
Directors was the decision to hold the
convention of 1908 in Cleveland, O.,
providing satisfactory railroad and ho-
tel rates can be secured; the estab-
lishment of headquarters in Washington,
D. C.; the election of Dr. William T.
Harris as a member of the Executive
Committee of the N.E.A. after a
warm fight, and the passage of a num-
ber of resolutions important to educa-
tional work.

MANY RESOLUTIONS.
President E. G. Cooley presided and
about forty directors were present at
the meeting, although part of the time
was spent in a discussion of the
committee on the duties of the
committee and a committee report up-
on the "Educational Preparation of
High School Teachers" was approved
and ordered printed.

There was a wrangle over the ques-
tion of approving the resolution in
favor of a national university at
Washington, D.C., and the appropri-
ation of \$500 for the purpose. A
committee to push this project before
the next Congress. Some of the di-
rectors seemed to be under a misappre-
hension regarding the duties of the
committee and after considerable dis-
cussion the matter went over for a
time. Director Greenwood of New Jer-
sey stated that if the sum of \$500
was to be used to push the scheme
before Congress it was not enough;
if to investigate, it was too much.

Under a provision in the new char-
ter adopted by the N.E.A., the direc-
tors have to establish in Wash-
ington. Happily, before Dr. W. T. Har-
ris left for Washington yesterday, he
made the offer to have his home at No.
1260 Fairmont street N. W., Wash-
ington, D.C., made the headquarters of
the N.E.A. and this offer was ac-
cepted and Dr. Harris was designated
as the official representative at Wash-
ington of the organization.

A resolution was adopted instructing
the Board of Trustees to present a
suitable design for a seal for the new
national association at its convention
next year.

APPROPRIATIONS VOTED.
A resolution was passed to continue
the office of the national secretary at
Winona, Minn., which is the home of
Secretary Irwin Shepard. One was
also passed approving the report of
the Committee on Investigations and
Appropriations adopted by the na-
tional council, and the appropriation
was voted.

Then came a series of resolutions
for the investigation of certain edu-
cational matters calling each for an
appropriation of \$500, and after a good
deal of discussion the appropriations
were voted.

The first was for the appointment
of a committee to make a preliminary
investigation of the culture element
in education and into the time de-
voted upon an average to school and
college education. It appeared that
two years ago such a committee had
been appointed, with President Eliot
of Harvard University as chairman,
but nothing had been accomplished
practically, and the question as to
whether another could be appointed
under the old committee had been dis-
cussed and raised. It was finally
decided to appoint the committee and
vote the appropriation. President
Cooley will make the committee known
later.

Another resolution was for the ap-
pointment of a committee for the in-
vestigation as to the teaching of mor-
als in various schools. An appropriation
of \$500 was voted for the expenses
of the committee.

Still another resolution was passed
providing for the appointment of a
committee to investigate the causes
of the great shortage of teachers
which prevails in many parts of the
country, and \$500 more was ordered
for the expenses of this investigation.

Another committee was provided for
to investigate the provisions made in
public schools for exceptional children
and \$500 was appropriated for this
purpose. All of these resolutions were
the cause of considerable discussion,
but each was practically carried unan-
imously.

JOHN MACDONALD.
N. E. A. director for Kansas, asserting, yesterday, that the reform spelling of certain words has fallen flat because
the press of the country has not followed the recommendations made at the Washington convention nine years
ago. After his address the directorate decided to go back to the old method on "through" and other words.

"SPARE ROD," SAY
STUDENTS OF CHILD.

LOGGING, according to many
of the teachers attending yester-
day's session of the child-study
department, is a relic of the barbaric
age. There is no use for the school-
master's switch in the schools of to-
day, they say. But for rapping
knuckles, straps that cause ugly welts
on wayward backs, switches that
bruise and cut little sun-burned legs,
are tabooed. The day of the harsh
regime has passed for at least a
decade, and the children of today
are a large group of the teachers in
attendance on the N.E.A. sessions, and
a day of sunshine and joyousness, of
better understanding between pupil
and teacher is being ushered in.

The grammar grade boy and girl—
no matter how troublesome—is to be
dealt with from a different point of
view than formerly. Personal dislike
of the so-called bad child must give
place to interested study. The bad
boy is a problem to be solved, and
not a pest to be gotten rid of.

Backward pupils are to be encour-
aged. The punishment of a whole
class is to be abandoned. The habit-
ual truants are to be aided, and every
boy and girl—especially the boy—is to
be offered inducements to attend school.
Ideas that are unique were voiced by
sweet-faced teachers, who proved
their love for the children of our pub-
lic schools.

WHIPPING BARBAROUS.
Whippings were declared to be bar-
barous. The punishment of a whole
group of children, for the misdeed
of a few, it was declared, ought
to be discarded for the reason that it
is extremely difficult to make a child
realize the justice of such punish-
ment. The giving of prizes to bril-
liant children was declared to be as
great a fault as the placing of a foot's
can on the head of a dullard. The
prize system engendered hatred and
malice, it was argued.

Margaret E. Shallenberger, of the
State Normal School at San Jose, led
the group who championed the cause
of the unruly child. This pleasant-
tempered woman confessed to having
graduated from Cornell at least ten
years ago. She is one of the many
college women attending this conven-
tion. She showed her broad-minded-
ness by her liberal view with regard
to the mischief-making youngster. She
read a paper, but that was not all she
did. She told interesting little sto-
ries, and perhaps a reminiscence of
college days.

A group of girls was discovered
having a "apread" in their rooms. Miss
Shallenberger did not say whether she
was one of them. The girls were pun-
ished. One of them remarked after
the punishment: "We must be more

DYNAMITE IN
CITY HALL.

Accidental Find at the Santa
Ana Municipal Headquar-
ters Causes Stir.

SPECIAL CORRESPONDENCE.
SANTA ANA, July 11.—A
hundred sticks of dynamite
were found under the City Hall
today by City Clerk Ed Ted-
ford. As soon as the discov-
ery was made he had the ex-
plosive taken away. Several
years ago a number of boys
were caught making experi-
ments with dynamite, and it
is believed that ex-City Mar-
shal G. E. Maxwell put it in
the City Hall cellar, tempora-
rily, and then forgot about it.
The discovery created consid-
erable excitement about the
municipal headquarters. Ted-
ford was in the cellar looking
for ballot boxes to be used in
the bond election tomorrow
when he stumbled on the dyna-
mite in an open box.

TWO STORIES
CAGE DROPS.

ELEVATOR DASHES DOWN WITH
TWELVE WOMEN.

Slipping of Cable in Fay Building
Endangers Lives, but Safety Clutch
Saves Them—Fainting and Cutting
by Glass the Only Harm Resulting
Not First Case Accident of Kind.

The lives of a dozen persons were
endangered yesterday noon by a
serious accident to the elevator in
the Fay building. The slipping of a ca-
ble allowed the heavy cage to drop
from the third floor to a point just
above the first floor. There the safety
clutch caught and the cage with its
terrified occupants remained station-
ary for half an hour. Several young
women fainted, one lady was cut by
broken glass, and all the passengers
sustained bruises and nervous shock.
After a long delay, workmen suc-
ceeded in repairing the cables, and the
elevator was lifted to the second floor.
The occupants of the cage blamed the
employees for their slowness in giving
aid.

A young woman stenographer gave
the following description of the acci-
dent:
"I entered the elevator at the fourth
floor. A number of persons were inside.
Just as we neared the third floor some-
thing snapped, and the cage plunged
downward with awful rapidity. It
seemed hours before the elevator
brought up with a jerk, just above the
ground floor. I noticed other women
about me in a half-fainting condition.
The little operator was as badly fright-
ened as any one. He did absolutely
nothing to extricate us from our terri-
fying position. Perhaps he couldn't do
anything. In the meantime, our shrieks
for help brought a tremendous crowd
to the ground floor. There was a lot
of confusion, but here was no one to
direct the rescue. There was no one
from noon until 12:30 o'clock. Finally,
the elevator was raised to the second
floor. We all got out in an extremely
nervous condition. My back and spine
were injured."

It is said rather than cut through
the netting on the sides of the elevator
and rescue the passengers by means
of ladders, the employees at the Fay
building allowed the terrified women to
remain in the cage for half an hour
with hardly room to stand up com-
fortably.

Yesterday's accident was not the
first in the building.

NO "OIL" FOR THEM.
Victims of Ollie Watkins Refuse to
Accept Promises of Rescue
Back from Swindler.

There was a dramatic meeting yester-
day afternoon at the office of At-
torney H. H. Rorer in the Wilson block
between a number of victims of Ollie
J. Watkins's California Fruit Grow-
ers' Association, and James W. Law-
rence, indicted president of the swindling
concern.

Lawrence endeavored to placate the
victims present by assuring them that
steps will be taken to refund part of
the blood money extorted from the
poor contract holders. He spoke on
behalf of Dr. C. P. V. Watson, who
was not able to be present on account
of an alleged indisposition.

The move of Lawrence and Dr. Wat-
son is thought to be prompted by a
desire to inflame friendly feelings into
the minds of the contract holders, many
of whom will be witnesses for the gov-
ernment at the coming trial of "Ollie"
and his seven associates.

It is believed that none of the vic-
tims will place any reliance upon rep-
resentations made by Watkins's agents
after the cold-blooded manner in which
they were swindled.

The ex-convict and chief swindler,
Watkins, still remains in the County
Jail. He was served yesterday with a
notice of a suit brought by one of his
former employees. He made no com-
ments upon the civil action. Next week
he will be cited in the Superior Court
on an old judgment against him for
about \$500.

At the time Attorney Rorer will
insert the probe and ascertain, if pos-
sible, where Swindler Watkins has
reached his booty. If it can be located
where the \$250,000 said to have been
extorted from "Ollie's" victims is lo-
cated, it will mean scores of attach-
ments.

MEMENTO OF GRANDEUR?
Fine Dress Sward of Odd Fellows
Found Rusting in Bushes by the
Roadside.

A memento, perhaps, of some man's
vanished grandeur was unearthed
yesterday by members of the chain
gangs. While they were working on the
road near the County Hospital they
found in some bushes by the roadside,
a long-forgotten and badly-rusted dress
sword.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Tax dodgers came to the front yesterday with protests against the valuations named in the new assessment roll; they object to paying tax on "wash sale" values.

An altercation between Commissioner Schwamm and a Boyle Heights blacksmith broke up yesterday's session of the fire board.

Charges of disturbing the peace, preferred against "Mayor" Donahue of Watts by C. D. Lamb were dismissed yesterday by Justice Stephens.

"Kid" Solomon was fined for saving his golden crozier in his possession while training for his disastrous fight with Attel.

On complaint of James Morley and Walter Hempel, a warrant for alleged criminal libel was issued yesterday against Charles Fuller Gates. Morley and Hempel object to certain criticisms of the recent automobile endurance run published by Gates in his magazine, "Pacific Motoring."

J. N. Flowers, a real estate dealer, was acquitted of a charge of battery by a jury in Justice Rose's Police Court yesterday afternoon after Flowers had proven that he acted only in self-defense.

AT THE CITY HALL.

TAX DODGERS TO THE FRONT.

SAY ASSESSOR SHOULDN'T USE "WASH SALE" VALUES.

One Mean Deputy Intimated He Was from Bradstreet's, Then Turned Credit Statement in to Assessor. Brewing Company Asks for Big Franchise Reduction—More to Follow.

Protests against the new assessment roll are being received in the City Hall in greater numbers than ever before, and conditions are growing their own way for a final tussle with the tax assessor. About 200 separate protests have been filed with the City Clerk; more than fifty were received yesterday. The totals of these protests are actively small in the aggregate, as the entire amount involved is not more than \$500,000.

The greatest individual reduction asked is that of George Zobel for the Los Angeles Brewing Company. Zobel is president of the company. He protests that the franchise assessment of \$175,000 is unjust, and asks that it be reduced to \$50,000. It was suggested at the City Hall yesterday that this franchise assessment be the first one considered. None of the Non-Partisan Councilmen have given intimation that they will favor marked reductions in the assessments of private corporations, but these Councilmen would not care to go on record as making for a reduction of the tax on a brewery. If they vote to sustain the brewery franchise, they will establish a precedent that will bar them from reducing other franchise assessments.

Zobel appears to think that the City Assessor places too high an estimate on most of the Zobel property. He asks that the assessment on his South Main street land be reduced from \$600 to \$150; the reason advanced is excessive valuation of the property.

The only other franchise protest is that of the Coulter Dry Goods Company. F. M. Coulter, vice-president of the company, asks that the franchise assessment be reduced from \$10,000 to nothing, on the ground that the franchise is worth nothing.

The hearing on this protest will probably occasion the first real controversy over the value of a private corporation's franchise.

A reduction of \$17,000 in its personal property assessment is asked by the Pacific Light and Power Company on the contention that a mistake was made in the company's office when the statement to the assessor was prepared. The secretary of the corporation stated that the figures were handed given to the stenographer read \$17,113. In transcribing the stenographer wrote \$17,113. The assessor's advance of \$17,000 in the personal property statement.

Both the Salt Lake and the Santa Fe railroads protest that they are taxed for real estate in the rights of way. The rights of way are assessed by the State, and the railroads object to a duplicate assessment from the city. The Santa Fe protests that the amount of \$27,500 on real estate is a duplicate assessment and should be cancelled.

Former City Assessor Evan Lewis appeared at the City Hall yesterday at head of a protesting delegation from the Seventh Ward. Lewis alleges that Mallard is taking political revenge in the assessment that increases the value of Seventh Ward real estate more than \$4,000,000. Lewis says that in some instances the property has been increased more than 50 per cent in one year, and that the assessment is now within 75 per cent of the actual selling price.

Lewis asks for a reduction from \$450 to \$250 on his own property on East Ninth street. Brother Dave Brown of the Board of Equalization should reduce his property on Ninth street from \$600 to \$150.

From the Salt Lake Railroad comes a protest that the Assessor is guilty of attempted extortion in assessing a half-mile of spur track right of way at \$7000. F. A. Waters, right of way agent for the company, asserts that the franchise is not worth more than \$1000.

The W. P. Jeffries Company protests against an assessment of \$5000 for a hole in a lot the company owns. Jeffries asserts that the hole is not assessable as an improvement; that the improvement will come later in the form of a building, which can then be assessed.

Isaac Bros. at No. 245 South Broadway protest that their stock has been assessed at \$15,000, its actual cash value; they say that their assessment should be for but \$5000, which is half the cash value.

Some protestants have asked that their objections be not made public. They assert that the Assessor has employed one particularly reprehensible deputy, who made them think that he came to get a business statement for Bradstreet's. They say it makes a marked difference whether the value placed on a stock of merchandise is to be furnished to Bradstreet's or to the Assessor; they say this deputy was a mean fellow, and should be fired for his audacity.

WATER COMPANIES.

THEY WANT NO TAXATION.

A SURPRISE was in store for the county Board of Equalization and County Assessor yesterday, when Herbert Goudge, appearing for the San Pedro Water Company, asked that the assessment of franchises to that company from the city of San Pedro and from the city of Wilmington be reduced from respectively \$50,000 and \$25,000 to nothing.

These franchises, alleged the County Assessor, were based on the same plan of ascertaining values as that adopted for all other franchises, but the attorney claimed that if such were issued they were utterly worthless, as every citizen of California has the same inherent rights in regard to using the streets for water purposes as has this San Pedro Water company, and therefore the "right to do so" so far as a municipal franchise is concerned, is valueless for assessment.

This was a new viewpoint for the board, but Goudge was armed with the documents, and proceeded to read a section of the Constitution of California which seems to have escaped observation.

Deputy Dist. Atty. Shaw was called for advice and he at once declared that the assessment could not stand, as neither the city of San Pedro nor the city of Wilmington has any right to issue such franchises.

Section 19 of Article 11 of the State Constitution provides: "In any city where there are no public water works, the city or county may, by ordinance, authorize the city or county to supply the same with water or artificial light, any individual, or any company duly incorporated for that purpose, shall, under direction of the superintendent of streets, be other officer in control thereof, and under such general regulations as the municipality may prescribe for damages and indemnity for damages, have the privilege of using the public streets and thoroughfares thereof, and of laying down pipes and conduits therein, and of erecting thereon, so far as may be necessary for introducing into and supplying with water, gas, light or other utility, any building or other structure, either with gas, light or other utility, money are being held back for the closing days of the session."

DID SCHWAMM KEEP HIS FIRE BOARD IMBROGLIO?

Fire Commissioner Schwamm took umbrage yesterday at a statement made by H. E. Beers before the fire board. The altercation which followed came near resulting in a personal encounter in the commission room. Mayor Harrison prevented the day after the altercation by adjourning the meeting when the altercation started. Beers has been in difficulties for several weeks over his blacksmith shop on Chicago street, Boyle Heights. Beers is trying to run a blacksmith shop out of a permit; a week ago he was arrested on a complaint sworn to by Philip Kirby of Watts, testified that he had stepped up to the buggy and told the ladies the result of the election, remarking that there would be another election in April, when he heard Donahue make the remark that he had won.

Beers gave corroborative testimony, and under cross-examination, Beers was trying to run a blacksmith shop out of a permit; a week ago he was arrested on a complaint sworn to by Philip Kirby of Watts, testified that he had stepped up to the buggy and told the ladies the result of the election, remarking that there would be another election in April, when he heard Donahue make the remark that he had won.

inating light, or with fresh water for domestic and all other purposes, upon condition that the municipal government shall have the right to regulate the charges therefor."

There is also an assessment against the San Pedro Water Company of \$50,000 for water and water rights, to which objection is made by this company. It claims that its lands have been assessed as so much real estate, and that it is not just to make an other assessment on the water under these lands, which it claims, is what this assessment practically amounts to. This question has been referred to the District Attorney for an opinion.

Soon after the San Pedro water franchise case was disposed of, by the granting of the request of Attorney Goudge, W. S. McQuilling, secretary of the Pasadena Water Company, appeared before the board and asked that the county franchise granted to that company, and assessed at \$1000, be reduced to nothing, as the company is using any of the county highways for its distributing system. McQuilling also asked that the franchise for the city of Pasadena, assessed at a value of \$25,000, be reduced to \$5000.

He hadn't heard of the clause under which the San Pedro company was seeking exemption from taxation, and as the law explicitly states that the Board of Equalization cannot lower the assessment of franchises, the question arose whether the Pasadena company's assessment should be allowed to stand at \$2500 or be wiped out altogether, so far as this item of franchise assessment is concerned.

Assessed Ward accused the ruling of Deputy Dist. Atty. Shaw as final, however, and declared that if one such assessment was declared illegal he should see that all such are cancelled. But while these city franchises have no value for assessment, this does not mean that these water companies will escape a franchise taxation, eventually. It is probable that next year they will be assessed for franchise as corporations, and that there will be a double assessment, because of their having escaped taxation on this equity this year.

Donahue came out of the polls. He pointed to the buggy and said: "Those are the worst and lowest people in Watts." I told him he must not speak like that, and he answered that he would wash my face. He called me a hypocrite, and said I had brought my women on the street when I had the women in my home.

Philip Kirby of Watts, testified that he had stepped up to the buggy and told the ladies the result of the election, remarking that there would be another election in April, when he heard Donahue make the remark that he had won.

BISHOP & COMPANY

TEA

Go by the book you find in our package, and have such tea as will make you drink more.

Your grocer returns your money if you don't like Bishop's Tea. We pay him.

He had had it in his possession. He spoke of the value of the law.

Many of us have noticed how the city of Pasadena, assessed at a value of \$25,000, was reduced to \$5000. These laws were promulgated," he declared.

G. F. McCulloch, who acted as attorney for Solomon, sarcastically replied that it was remarkable that so much melody had resulted from the law in sixty days of its existence. Solomon did not have \$10, and asked the court to allow him five minutes to get it. He was given all the time needed, up to 5 o'clock, and released on his own recognizance.

When arrested Tuesday by Deputy Constable (Gillie) Solomon protested that the only birds he killed were chickens, and took the deputy constable out to show him his fowl.

DOES AFTER GATES. CRIMINAL LIBEL CHARGED. As the result of an article published in Pacific Motoring on July 6, James Morley and Walter Hempel yesterday were arrested for criminal libel against Charles Fuller Gates. At a late hour last night Mr. Gates had not been arrested, and it was stated that he was in Bakerfield on an automobile trip.

Morley and Hempel conducted the late automobile endurance run to Lakeside, and in the last issue of Pacific Motoring there appeared an article criticizing the management of the run and attacking the integrity of the two promoters. It was charged that they received a "rake-off" on the price of motor, lodgings and gasoline, and that in other ways the run was dishonestly conducted.

In the same issue there appeared an open letter criticizing the conduct of the run, signed among others by the Standard Motor Car Company and the Superior Auto Company. Mr. Morley stated last night that he would file suit today against these two companies, and that he would give \$1000 to any one who could prove that he received any money in the racket. It is expected that Mr. Morley will sue for \$10,000.

WHITTIER AT LAST. Committed to the State Reform School at Whittier April 12, 1906, Robert Dodd was finally to be sent to that institution. At the time of his commitment, Probation Officer Dodd urged that sentence be suspended to give the offender another chance. Robert, then aged 14 years, promised to be good, and as he has been a bright and intelligent boy, with nothing worse than waywardness in his disposition, good hopes were entertained for him. Robert, however, overpowered his good intentions, and breaking his parole, he ran away to Los Angeles. On his return, he was arrested after other petty offenses, he was forgiven, but finally Mr. Dodd decided that Whittier would be the safest place for the boy.

LATHAM SUE. An action has been brought against Fred Latham, who was examined before Justice Stephens last January on a charge of embezzlement to recover \$2040. The action is brought by the Kern River Mining, Milling and Development Company, from which Latham was discharged by Justice Stephens, and his present whereabouts are not known.

MACARONI SOUVENIRS. A carload of macaroni will be given away as souvenirs during the National Pure Food Exposition to be held in this city November 4 to 20. The order for this carload of macaroni and spaghetti was placed yesterday, by W. B. Chase & Company. Another carload of macaroni and spaghetti was placed yesterday by the San Pedro Salt Company, which will give a carload of salt to the exposition. This exposition is the first of the kind to be held in California, which is national in the scope of its exhibits. Interest in the exposition, taken by manufacturers and whole salers in securing booths in which displays will be made.

That was before your fight with Attel," answered the witness; "all my troubles came after my fight with Attel. But I was feeling good that morning. I went on cheerfully, and when I saw that bird under the floor of the handball court I thought it was a pretty nice bird, so I picked it up and put it in my hat. I developed, however, that the 'owl' was a night hawk."

J. C. Cunningham, the deputy game warden, who was interviewed by the Heidelberg Inn between May 1 and 24, the period of Solomon's training there for his disastrous fight with Abe Attel, was the only witness who had seen Solomon with the bird in his possession.

"He came in with it and hung it up on the wall," he said. Asked if it was a wild bird, he said: "No, no wilder than a domestic bird of the kind."

W. B. Morgan, county game warden, testified that two complaints had reached him, the first from the training camp in Calhoun Pass had been shooting song birds which are protected by law.

"Deputy Dist. Atty. McCormick argued that the law was clear, making it a misdemeanor to have such birds in one's possession, and that in charge of killing the oriole had been made against Solomon, and that all that was necessary to prove was that

ASK AT THE HA RELIEF

WIT

an implicit belief that the members of the Peace Conference, now in session at The Hague, will give heed to their appeal, and that they will be able to secure for the Korean Association of America, asking that their native land be freed from the cruel grasp of Japan.

M. W. K. D. Young and D. Y. Kim, now in session at The Hague, will give heed to their appeal, and that they will be able to secure for the Korean Association of America, asking that their native land be freed from the cruel grasp of Japan.

Members of the committee representing the Korean Association of America in the Peace Conference, and the California Koreans were emphatic in their declarations about Japan. This nation has made slaves of our countrymen, and betrayed. We are Koreans, and we have lived in this country for years. Our hearts go out to our countrymen who are suffering under the oppression of the Japanese.

Other members of the committee of Korea is in a constant state of suffering, and in spite of a majority in speech and customs, endure a bitter feeling against the country which they practically consider their own. The Korean Association of America is a committee of native Koreans, who are located in the United States, and who have been educated in the United States, and who are now in the Peace Conference, asking that their native land be freed from the cruel grasp of Japan.

The message sent to the dignitaries of the Peace Conference, asking that they declare another "incident" of the Korean Association of America, and that they be able to secure for the Korean Association of America, asking that their native land be freed from the cruel grasp of Japan.

FRIDAY, JULY 12, 1907.

THE 5th STREET STORE

SOMETHING DOING

Friday, the Best Day of All

To the members of the N. E. A., or anybody else, for that matter, Friday is the best shopping day of the week. The special sales of Monday, the underpriced offerings of Tuesday, the mid-week bargains of Wednesday are all combined for a big bargain event Friday. You'll find its counterpart nowhere else, and it will introduce you to a new world of values. Not only are the remnants and short lines of all sorts closed out on this "Something Doing" Day, but many new lines are featured there. Some of these decidedly attractive offerings are listed below. See the rest when you're here.

35c and 49c Embroidery Bands and Edges

10c

35c to 49c embroidery, 6 to 18 inches wide, at 10c. A line of embroidery bands and edges that are revelations as to value; fine, wide and narrow, in well worked edges and handsome designs; some slightly soiled. Come early for these. On sale at 10c a yard.

15c Chiffon Ribbon 2c

High grade chiffon ribbon in all colors and mixed colors; widths 4 1/2 to 6 inches; regular value 15c to 15 1/2c. Special Friday at 2c yard.

60c Bleached Table Damask 45c

Pure white mercerized table damask; well made, substantial goods; in shamrock, polka dots and coin spots, and lily of the valley, etc. Excellent value at 60c, on sale at 45c a yard.

65c Crepe de Chine 39c

Another lot of silk crepes in dark and light shades, also black and white; a quality that sells for 65c, priced for Friday at 39c a yard; nearly half price.

Remnants Half Price

Silk and wool remnants in all qualities and lengths; find plenty of them Friday at half price.

35c Dress Goods 22c

Cashmeres, jerseys, in broken checks and dark mixtures; 20c and 35c dress goods. Friday at 22c yard.

\$1.25 Dress Goods 75c

Summer weaves, in plaids, stripes and plain mixtures; a regular \$1.25 value at 75c.

\$12.50 Shirt Waist Suits

Absolutely All Linen

\$4.98

This is an unusual value. Handsome shirt waist suits, in pure Irish linen, handkerchief linen; waists trimmed front and back with five rows of ALL LINEN TORCHON lace insertion; collar and cuffs; tucked, trimmed with lace and insertion; skirts trimmed with folds, embroidery, medallion and two rows of ALL LINEN TORCHON LACE INSERTION; cut extra full; 5 yards in width; \$12.50 suits. Great bargain for Friday at \$4.98.

\$10 Women's Jacket Suits

\$4.98

Made of cotton voiles, madras, plaids, linen finished Indian Head; nicely tailored, trimmed with lace braids, folds and tailor strapped, new Gibson and Eton styles; skirt gored and plaited; trimmed with embroidery insertion; colors, champagne, light blue, pink and gray; regular \$10.00 suits. Priced for Friday at \$4.98.

15c Val. and Torchon

Lace 21-2c

A Something Doing Day bargain in fine Val. and torchon laces; handsome patterns, both in edges and insertions; laces that are good values at 15c. On sale Friday at 2 1/2c yard.

FREE SOUVENIRS FOR THE N. E. A.

Handsome, characteristic souvenirs will be distributed free Friday to all of the N. E. A. who come to our second floor for them. You have to have a badge, but there is no other restriction. Yours for the asking, if you belong to the N. E. A.

98c White Lawn Waists

8 to 10 A. M. at... 39c

Friday Something Doing Day, great two-hour sale of white lawn waists; regular 75c and 98c values; all sizes; several styles. On sale for two hours at 39c. Third floor.

\$1.48 Waists at 98c

Shirt waists at about half price Friday; models that sold up to \$1.48; desirable styles, long or short sleeves, open front or back, lace or embroidery trimmed effects. A Something Doing Day special at 98c.

Another lot of silk crepes in dark and light shades, also black and white; a quality that sells for 65c, priced for Friday at 39c a yard; nearly half price.

Remnants Half Price

Silk and wool remnants in all qualities and lengths; find plenty of them Friday at half price.

35c Dress Goods 22c

Cashmeres, jerseys, in broken checks and dark mixtures; 20c and 35c dress goods. Friday at 22c yard.

\$1.25 Dress Goods 75c

Summer weaves, in plaids, stripes and plain mixtures; a regular \$1.25 value at 75c.

\$12.50 Shirt Waist Suits

Absolutely All Linen

\$4.98

This is an unusual value. Handsome shirt waist suits, in pure Irish linen, handkerchief linen; waists trimmed front and back with five rows of ALL LINEN TORCHON lace insertion; collar and cuffs; tucked, trimmed with lace and insertion; skirts trimmed with folds, embroidery, medallion and two rows of ALL LINEN TORCHON LACE INSERTION; cut extra full; 5 yards in width; \$12.50 suits. Great bargain for Friday at \$4.98.

\$10 Women's Jacket Suits

\$4.98

Made of cotton voiles, madras, plaids, linen finished Indian Head; nicely tailored, trimmed with lace braids, folds and tailor strapped, new Gibson and Eton styles; skirt gored and plaited; trimmed with embroidery insertion; colors, champagne, light blue, pink and gray; regular \$10.00 suits. Priced for Friday at \$4.98.

EDUCATION COUNCIL ELECTS OFFICERS.

MANUAL TRAINING IN HIGH SCHOOLS.

KINDERGARTNERS FROWN ON MERGER.

EDUCATION COUNCIL ELECTS OFFICERS.

The Council of Education held its final meeting of the convention yesterday, electing officers for the ensuing term. Elmer Ellsworth Brown, United States Commissioner of Education, who has presided over the deliberations of this important body for the past three years, was succeeded by Joseph Swain, president of the Friends' College at Swarthmore, Pa.

President Swain is a man of imposing stature and kindly presence, and his election was the cause for general congratulation.

James M. Green, principal of the State Normal and Model Schools of Trenton, N. J., was elected vice-president, and J. W. Carr, Superintendent of Instruction at Dayton, O., was elected secretary to succeed himself.

A committee was appointed, with W. T. Harris of Virginia at the head, to investigate the possibilities for co-operation with foreign countries, and the National Education Association upon the advisability of forming an international association.

On the Committee of Investigations and Appropriations, the following members were named: W. T. Harris, F. A. Fitzpatrick of Boston, Elmer E. Brown of Washington, W. T. Harris of Virginia, Augustus S. Downing of Albany, D. Harvey of Wisconsin, Louis F. Soldan of St. Louis and W. H. Maxwell of New York were new appointees on the committee.

MANUAL TRAINING IN HIGH SCHOOLS.

VIGOROUS efforts will be made by the Department of Manual Training during the next two years to extend the manual training in the public schools into the industrial pursuits of life. A committee for this purpose was appointed yesterday morning in a session at the First Methodist Church. An appropriation will be asked for from the directors of the association to carry on the work of the committee. Data is to be gathered and a course outlined for great cities, small towns and country schools.

The committee will consist of a superintendent of schools, a teacher of art, a child-study specialist and a grade teacher. The committee will be named by Frank M. Leavitt, president of the department, at its closing meeting. The committee is to secure an appropriation for the work to be done by the committee will be named at the same time.

After the adoption of the resolution, the officers for the ensuing year were elected. The slate of the nominating committee was unanimously chosen by the large audience. James D. Burks, principal of the Teachers' Training School of Albany, N. Y., is president. Miss Anna Hedges, director of Domestic Science of the Pratt Institute, vice-president, and W. E. Roberts, superintendent of Manual Training of Cleveland, secretary.

The resolution adopted in regard to the adoption of an adequate course was the result of the discussion of the department members on Tuesday afternoon. The course outlined is to be adaptable to the various conditions. The three varieties are recognized in the great cities, the small towns and the country. The committee is composed of four teachers of different departments from whom a variety of points of view can be obtained on account of their positions.

HIGH SCHOOL THE PLACE.

At the meeting yesterday morning the relation of industrial education to public instruction was discussed in two papers and commented upon generally by the members. In outlining the subject of "Manual Training Versus Industrial Training in the High School," B. W. Johnson, director of manual training of the public schools of Washington, said:

"The individual to live successfully must cooperate with his fellows. He must be equipped with skill in some calling and possession of intelligence to direct this skill for service to himself and for others. He must, therefore, be able to appreciate the effort of others and feel an obligation to contribute his share to the common good."

The rapid changes, both economic and social, have put the most of this burden upon the schools. The school has not adjusted itself to the new conditions and does not offer to the individual adequate means by which he can meet these requirements. Consequently the demand is made that the schools must provide instruction in the productive and domestic vocations as well as it now does the professional and intellectual training.

"The high school, then, is the strategic point in the educational development of the child. The age from 14 to 16 is unproductive economically except in the simpler processes, but is highly valuable in gaining varied experience and making the adjustment that awakens the judgment and moral sense while acquiring academic and industrial knowledge that he can put into practice after 16."

"The means used must be democratic. If different schools are necessary at this age in which the instruction is given, differentiation can better be made after the second year in the high school. When particular emphasis may be given to some vocational training. Economic considerations, equipment and operation, also favor this plan. The transition must be easy from school to school. This will necessitate a readjustment of university requirements."

YEARS WASTED NOW.

J. D. Burks, elected president of the department for the ensuing year, delivered an address on the problem of prolonging the school life of the pupils of the upper grades by providing adequate course in industrial training. In summing up his points, Mr. Burks said:

"This problem would be best studied by comparing the leisure time of the life where adequate provision is made where it is not made for industrial training in the upper grades of the elementary school. As there are no instances of such adequate provision, however, we cannot approach the problem by the comparative method."

"It may be assumed that, on the whole, children will remain in school as long as their parents regard it as distinctly to their advantage to do so and economic conditions do not prevent."

"Investigation shows that, under present conditions, the years between the ages of 14 and 16, whether spent in school or at work, are for the great majority of children, wasted years so far as concerns industrial efficiency."

"A comparison of the wages received by workmen trained in shops with the wages received by those trained in technical schools gives some indication of the great superiority of special training in schools."

"The systematic recognition of special aptitudes in the organization of the school work, supplies the rational basis for secondary as distinguished from elementary education. The division between elementary and secondary education is at present made too late."

"Under an adequate system of secondary education and industry would be made conscious of their individual powers and thus would be enabled to adjust themselves rationally rather than fortuitously to the requirements of social life."

"With proper data concerning the inheritance and the personal development of individual pupils, it would be possible for teachers and school officers, in cooperation with parents, to determine with considerable accuracy the term with which individuals are best fitted."

"The conclusion clearly indicated by the foregoing propositions is that adequate provision for vocational training, beginning in the sixth year of school, would tend to prolong the school life and increase the vocational efficiency of the great mass of children; especially of those who enter industrial and domestic pursuits."

MANUFACTURERS' VIEW.

In the absence of Magnus W. Alexander of Lynn, Mass., Frank M. Leavitt

ONE-MAN RULE A GREAT FORCE.

EMINENT ENGLISH EDUCATOR ON OUR SCHOOLS.

Dr. John Adams of University College, London, Says It's Fine Thing to Give Individual Responsibility and Hold Him to It—Surprised at Spread of Fraternities.

"What strikes me with greatest force is the one-man power in the public schools of America," said that genial and distinguished educator from across the water. Dr. John Adams, of the University College of London, was the guest of honor at the closing session of the N. E. A. convention at Berkeley yesterday.

Dr. Adams expressed himself as greatly pleased with the fact that the classification in the American schools is a natural educational classification, and not based on social status of the pupils as prevails, to a certain extent, in England.

If the one-man power struck Dr. Adams with force, the greatest surprise that came to him was occasioned by finding fraternities in the secondary schools. He was immediately interested in finding the psychological reasons that would explain such an extraordinary situation. In England they only exist in universities.

Dr. Adams is a charming, brown-eyed English lady, with the invariably rosy roses of her face, and she was greatly interested in the California club woman and her way of doing things for she is a member of the Lyceum Club of London.

WOMAN SEES CHANGE.

Mrs. Grenfell of the State Agricultural College of Colorado was called upon to speak with reference to the position of women in technical schools. She said:

"Perhaps anything I can say might not be interesting to these men, who think that agricultural education consists solely in tilling the soil. It is not so. It is a means of livelihood, and the result depends fully as much upon the skilled housewife within doors, as upon the scientifically-trained man on the outside."

Mrs. Grenfell declared that while at present women seem to recognize teaching, clerking or running a typewriter as higher callings than that of being a good housewife, the time is near when there will be a change in sentiment.

"When that time comes," she said, "the nation will be the richer and happier for the change."

George A. Merrill, principal of the California School of Mechanic Arts, San Francisco, read a paper on "Trade Schools." He said:

"The term technical education means more than manual training, both in kind and quality of work. Every completely equipped technical school should offer courses in bookkeeping, stenography, as well as in Greek and Latin, and all students may take advantage of them at no expense other than that incident upon attendance at public school."

"Trade training is a desirable educational principle should always be applied, and the work should be in accordance with trade practice. It must be actual, not superficial."

Work for girls should include sewing, cooking, a study of the chemistry of foods, simple analysis, marketing, heat, light, ventilation, sanitation, plumbing and disinfectants, evening, dusting, laundry and care of the home; hygiene, nursing, and emergency aid; accounts and business forms; domestic architecture and planning of the house and grounds. Advanced courses for boys should include agriculture, drawing, designing, applied art, work in wood and iron at the bench, lathe and forge. Where two years of pattern and machine shop is not essential, the second year may be omitted and an applied course substituted therefor. Specialization may also be permitted to the extent of allowing two years in a given shop.

"The technical college is becoming too narrow. Its work must be broadened and deepened. Graduates of engineering schools must have a better grounding in the English language must understand all common business forms, and possess a knowledge of national and political economy and general history."

"Throughout the world, and especially in Germany, the feeling is growing that the well-trained engineer must be a man broad in his sympathies and with a knowledge of people and things that shall give him place anywhere and always."

TECHNICAL EDUCATION.

NATURAL DEAN SAYS IT IS THE IDEAL.

Terms of Iowa State College. He Would Lose His If He Should Indorse It. Important Elects Its Officers.

Second session of the newly organized department of technical education was held yesterday morning at the University of California, Berkeley, Cal. The speaker was Dean W. L. Rouse, dean of the department of technical education, who was elected president of the department. The following officers were elected: President, L. C. Chubb; vice-president, A. B. Johnson; secretary, G. A. Johnson.

Address was made by Dean Rouse, dean of the College of Engineering, Cal. The speaker said that the department of technical education was organized in 1904, and that it had since that time been growing rapidly. He said that the department was organized in 1904, and that it had since that time been growing rapidly. He said that the department was organized in 1904, and that it had since that time been growing rapidly.

MEMBERS OF THE BOARD.

The board of the department of technical education was organized yesterday morning at the University of California, Berkeley, Cal. The speaker was Dean W. L. Rouse, dean of the department of technical education, who was elected president of the department. The following officers were elected: President, L. C. Chubb; vice-president, A. B. YUNG SAYS HE'S GUILTY.

Orange Liquor Seller Admits Having Violated the Law—Sentence Next Monday.
ORANGE, July 11.—George Yung, winery man, on trial here today on a charge of violation of the liquor law, changed his plea from not guilty to guilty. Sentence is to be imposed Monday. Yung's brother, Joseph, and son, Louis, were lately found guilty on similar charges and fined \$250 and sentenced to thirty days in jail.

Most for the money at Coronado.
ELSONORE, July 11.—Prof. Malcolm McLain and Miss Katherine McLain have both been reengaged to teach the coming year in the High School. Prof. E. E. Smith is here from Riverside. He has been reengaged to teach the grammar school the coming year. Miss Hilma Aldrain is spending a couple of weeks in Los Angeles. Mr. and Mrs. Otto Boyd have returned from their wedding trip, and are occupying a cottage. Mr. Boyd is manager of the electric-light plant here. William Walters and family left yesterday for a vacation at the beach. J. K. Laird has gone to Los Angeles to spend a few days. Mrs. Margaret Hazard is visiting relatives in Santa Ana. Among arrivals at the Bundy Hotel are L. A. Smith, Pomona; F. M. Taylor, Howell, Rawwood, Los Angeles; Pasadena; Mrs. J. R. Squire, Downey; J. P. Russell, Audubon, Iowa; George W. Stafford, Los Angeles; Long Beach; George W. Lear, Mrs. George W. Lear, Phoenix, Ariz.; Katherine M. Stafford, Los Angeles; Lakeview Hotel arrivals are C. L. Travers, G. E. Wise, J. R. Badger, J. N. Cheyres, C. A. Appleford, R. W. Craft, Los Angeles; H. E. Ross of the Riverside Press, Riverside; S. A. Robinson, San Francisco; N. Z. Robinson, San Jose; C. H. Selters, Sacramento; H. C. Brent and family, Santa Monica; E. P. Newton and wife, Corona.

"Hotel del Coronado" is the standard.
Comfort, seclusion, in Venice Villas.

NEWPORT BAY DEAL.
SANTA ANA, July 11.—The terms of a contract entered into by the Irvine Company and George E. Hart, owner of Corona del Mar on Newport Bay, were made public today by the filing of the agreement in the County Recorder's office. By the agreement the Irvine Company will part with 708.38 acres along the edge of Newport Bay and the ocean for a sum of money about \$104,000. This agreement was signed on June 29, 1904. Hart agreed to build two piers, lay off streets and develop water and endeavor to sell lots. He agreed to pay \$10,000 in cash and give three notes of \$31,700 each.

No resort equals Coronado for climate.

REPORT OF JAP SPY.
Little Brown Man Said to Have Been Taken Making Drawings at Fort Rosecrans.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, July 11.—[Exclusive Dispatch.] Although the officers refuse either to confirm or deny the story, well-authenticated reports are to the effect that a Japanese spy has been corralled at Fort Rosecrans while busily engaged in making drawings of the important strategical points of the fortification, together with drawings showing the emplacements and positions of the ten, five and three-inch guns.

Soldier at the fort says the spy is not in the guardhouse, although admitting that he may be confined in other place at the fort. Three or four Japanese are employed at the fort as cooks and servants. Foreigners are not admitted to the fortifications without a pass from the officers, and are very careful about admitting them. For several months Americans have been welcomed within the reservation.

While declining to state whether a capture has been made, Maj. Gotchell, in charge of the military forces, said: "I would certainly destroy any drawing or plates which might be found in the possession of any person, whether an alien or an American. No person, either a citizen of the United States or a foreigner, knows the right to make any drawings of any description or to take any photographs of American fortifications."

MAY REDISTRICT COUNTRY.
The formation of the new county of Imperial Valley will leave this county with one Supervisory District, viz., the Fourth District, which embraces the Imperial Valley. It is expected that the remaining territory will be redistricted in order to give the county

THE SAME NUMBER OF DISTRICTS AS BEFORE.

The city has two members of the board, and the question was whether the districts shall be so formed as to give the city section another member on the board. It is said that the four members of the board, with the Imperial member out, are divided on the question, two favoring the city and two the country.

The annual detailed statement of the county assessors to the Supervisors shows the total value of all property in the county to be \$20,000,000. The amount includes \$1,000,000 railroad property. The value of real estate and improvements is \$22,345,430. The personal property in the county amounts to \$1,802,761, exclusive of \$213,138 in money. The report shows an increase in every detail over last year.

Coronado climate is best.

JESSE GRANT SOUNDS SOUTH.
Will Put Ear to Ground in Dallas and Listen for Noise of Presidential Success.

(BY DIRECT WIRE TO THE TIMES.)
DALLAS (Tex.) July 11.—[Exclusive Dispatch.] Information was received in Dallas today that Jesse R. Grant, son of Gen. U. S. Grant, will be in Dallas by next Sunday, on a tour he is making to ascertain what the feeling of the people is toward his making the race next year for the Presidential nomination on the Democratic ticket. Mr. Grant is now at Hot Springs, Ark. His trip to Texas is being arranged by Mr. Scott M. Ladd, wife of the Justice of the Supreme Court, that "Marriages are made in heaven."

H. E. Bower came out of a two-hour trance at the mission last evening, pointed to Mrs. Marie Miller, a widow, and declared the Lord had selected that woman as his wife.

Mrs. Miller said nothing, but she immediately went into a trance, and awakened an hour later to confirm Bower's declaration. The congregation for the first time in the history of the mission, and this afternoon the couple were married by Rev. J. D. Ellison. The bride and bridegroom are about 45 years old.

SALUTES, THEN DIES.
Grand Army Veteran Commits Suicide at the Foot of Grant's Monument in Chicago.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, July 11.—[Exclusive Dispatch.] Saluting the bronze likeness of his old commander, an unidentified man, believed to have been a member of the fighting Army of the Potomac, killed himself at the foot of Grant's monument in Lincoln Park by shooting himself in the mouth.

The man apparently was 70 years old, and was a poor Army butler on the label of his coat.

Dear Teacher: Please send The Times home during the summer. I want to know what you think of the new book, and I will be glad to send you a copy of it. I will be glad to send you a copy of it. I will be glad to send you a copy of it.

CITY TICKET OFFICE, 600 S. SPRING ST., COR. SIXTH, OR AT ARCADE DEPOT, LOS ANGELES.

MEN

Cure You When Pay When Cured

DR. TAYLOR, The Leading Specialist

When I have accepted your case for treatment, you may look forward to a complete and permanent cure, and with the very first treatment the curing will begin. This is a pretty definite fact upon which is completely regarded as an uncertainty and speculative matter. I am in a position to "cure" definite and permanent cures. I have the cure of men's diseases is not uncertain or speculative at all.

I treated so many cases that I know just what I can do and what I cannot do, and I never promise or attempt too much. I accept no case in which I have doubt as to my ability to cure, and results are always equal to the claims I make. Following are some of the diseases I cure, and reasons why my cures are certain.

Contracted Disorders
In no other ailment peculiar to men is a prompt and thorough cure so essential. Contracted disorders tend to work backward until the most vital nerve centers become involved. The danger of this is being variously and erroneously interpreted as a chronic state that stubbornly resists all ordinary treatment. Safety demands that every vestige of infection be eradicated at the earliest possible moment. My treatment is thorough. The remedies employed have a more powerful action than any other method attained, and so perfect in its method of application that every chronic case yields completely.

VARICOCELE
This is the most prevalent of all diseases of men is also the most neglected, either through dread or the harsh methods of treatment commonly employed, or through ignorance of the grave dangers that accompany the disease. As varicocoe interferes directly with the circulation and process of waste and repair throughout the generative organs the necessity of a prompt and thorough cure cannot be too firmly emphasized. I cure varicocoe in one week by an absolutely painless process. My cures are thorough and absolutely permanent and are accomplished without the use of the knife, ligature or cauterization.

I ALSO CURE TO STAY CURED "WEAKNESS," HYDROCELE, SPECIFIC BLOOD POISON AND ALL MEN'S DISEASES.
I state nothing in my announcements but the straight, square truth. It will cost you nothing to call and talk over your case. You can find out all about your trouble and you can later arrange to begin treatment any time you like. My offices, comprising ten rooms, are the largest, most elegant and best equipped in the West.

Dr. Taylor & Co.
305 1/2 South Spring St.
LOS ANGELES, CAL.

Hours 9 a. m. to 9 p. m. Sundays 10 to 1 o'clock.

MEN

This Is Varicocoe Season-- Have You Got It?

Dr. Harrison & Co.
2021 S. Broadway
Corner Broadway and Second Streets

This is the disease that is making more wrecks of humanity than all others combined. It attacks you without any sign or warning and ravages the entire system.

In the first stages it gives you very little inconvenience, and is hardly noticeable, but let it once get into action and it undermines the entire constitution. It is responsible for nine-tenths of the cases of that affliction. It steals strength through the system, sapping the vitality from every man of the body. Most cases of Kidney, Liver, Stomach and Lung trouble are caused by Varicocoe.

It is always worse in hot weather. A clammy, dragging feeling is felt in the region of the scrotum in the early stages of the disease. In the latter stages a dull pain and a feeling of utter collapse is experienced.

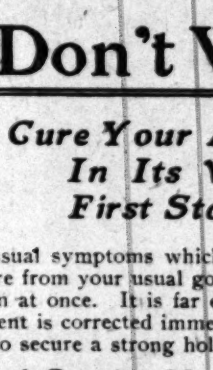

My Cure Is Simple and Sure
It is the simplest of all diseases. I cure, and do not take a moment of your time from business. Four weeks is usually the length of time it takes to complete the cure. My method is entirely my own and is not used by any other medical concern. I have specialized on this particular disease for thirty-five years, and I have yet to meet the case that I cannot cure, provided it has not reached the last stage, which is incurable, and which I would not undertake to cure.

Cosultation and Examination FREE
A complete and systematic examination with advice will be given you absolutely free on this disease. After you have received this, it rests with yourself whether or not you care to have my services. No medical offices in the city of Los Angeles have the facilities that I have for the treatment of this and other men's diseases. If you cannot call, write.

Dr. Gordon's Medical Offices
452 1/2 S. Broadway, Los Angeles, Cal.

Don't Wait

Cure Your Ailment In Its Very First Stages

DR. MORTON
315 SOUTH BROADWAY
Hours—9-4, 7-8. Sundays, 9-12

If there are any unusual symptoms which have caused you to feel a departure from your usual good health, you should look into them at once. It is far easier to effect a cure when the ailment is corrected immediately, before it has had a chance to secure a strong hold upon you.

My Personal Service Methods Are the Quickest
I give every case my own undivided attention, from first to last. I make an examination of the most careful sort; go thoroughly into every particular. I watch the case personally, until a cure is effected.

Consultation free. No charge for medicines. Everything strictly confidential. Moderate charges—always understood in the beginning.

DR. MORTON
315 SOUTH BROADWAY
Hours—9-4, 7-8. Sundays, 9-12

Weak Hearts

Upon the heart action depends not only health, but life. Over-work, worry, great mental effort, sickness, or any unusual strain upon the nervous system, affects the heart, by increasing its labors. In this hustling age it is not surprising that one person in four has a weak heart. Dr. Miles' Heart Cure strengthens the heart nerves and muscles and restores healthy activity.

"I wrote the Miles Medical Co., asking advice as I was suffering with heart trouble and had been for two years. I had pain in my heart, back and sides, and was unable to draw a deep breath for two years. I could not sleep at night, and I could not lie on my left side without suffering. They advised Dr. Miles' Heart Cure, and I bought a bottle. I took it for two weeks, and I feel like a new man. I have gained fifteen pounds since I began taking it. I have not had any more heart trouble, and I feel like a new man. I have not had any more heart trouble, and I feel like a new man. I have not had any more heart trouble, and I feel like a new man."

Dr. Miles' Heart Cure is sold by Dr. J. C. McFarland, 101 E. 1st St., St. Paul, Minn. It is the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

Our Cures Last

Half cures are time wasted and money thrown away. A cure may be secured by paying for a full course of treatment. Some of your weaknesses may be temporary, but strong stimulative medicine, but the CAUSE and FOUNDATION are not reached, and the condition is being determined more from day to day. We find the cause FIRST and direct treatment to that. ALWAYS. Our treatment is not a mere remedy, but a cure. We cure the cause. Our success is based on these methods. Sooner or later they must be applied to your case.

WE ARE ALWAYS WILLING TO WAIT FOR THE FREE UNTIL A CURE IS EFFECTED.

Our practice is limited to the diseases of MEN ONLY. We unwillingly cure to stay cured Contracted Disorders, Chronic Venereal Inflammation, Varicocoe, Hydrocele, Erythema, Blood Poison and the different forms of Chronic Weakness of the nervous system. Consult us free. We advise all our men who come here. Don't put the matter off—come today.

BARGAIN SALES OF CHEAP MINING STOCKS

TWO hundred and four thousand shares of mining stocks were sold on the Los Angeles Stock Exchange during yesterday's trading. This enormous total was produced by several big selling orders in the cheaper stocks. The leader was California Hills, 107,000 shares of which were sold at 1-1/2 cents a share. This amount involving the expenditure of only \$1605.

The second item was Consolidated Mines, 10,000 shares of which changed hands at 1-1/2 cents a share. This also amounted to a comparatively insignificant sum of money, for the number of shares sold. This stock was handled in large blocks, mostly in 10,000 share lots.

Clark Copper sold to the extent of 4000 shares at 14-1/2 to 15 cents. The close was at 15-1/2 cents. Two thousand shares were also sold at 14, seller thirty days, and 4000 additional at 17 1/2 to 18, thirty days, options.

Johnnie Consolidated was handled to a total of 6000 shares at 11-1/2 to 12-1/2 cents. The close was at 12-1/2 cents. The bid on thirty-day options was 12-1/2 to 13-1/2 cents.

On the early call the only transaction was the sale of 300 shares of Rio Rancho oil at 2-1/2. The stock closed at 2-1/2. A board of directors was elected on a thirty-day bid. The close was at 11-1/2 to 12-1/2. Associated Mines, 10,000 shares, the bid showing a decline from 11-1/2 to 10-1/2. The bid on Wednesday's close, Union Oil was bid for 183 and offered at 193. The bid on Western Union was bid for 44, while the asked price was 45.
